

December 2021

Dear Yotkom Partners and Supporters

We hope you experience a lot of joy this Christmas season as you reflect on the difference you have made to life in rural Uganda through this past year. As part of our Yotkom community your support, encouragement, generous giving and prayers are all working together to help people access compassionate quality health care in a very difficult area of the world. Over 15000 people have passed through our outpatient department in 2021. In the last 2 weeks of November we safely delivered 16 babies in our facility, including two by Caesarian Section.

In October and November, in our well equipped theatre, Dr Julius performed over 40 orthopaedic operations to repair broken bones and manage multiple trauma.

Thank you for making all this possible.

Recently our Yotkom web site got a make-over. We encourage you to take another look and also to share the web site or instagram with anyone interested in learning more about our mission and vision for health care in Uganda.

www.yotkom.com

On our web site you will find some details about one of our new projects for 2022. We have a vision to expand palliative care services to the rural community of Northern Uganda.

We want to do more to help people in pain, especially those with terminal conditions, and also to assist their families.

If you would like to give a Christmas gift (maybe on behalf of someone else) toward this need please designate your gift "palliative care"

Once again, from all our team at Yotkom Medical Centre,
Thank You!

Merry Christmas and a Happy New Year !

God bless you and your family

From

Andrew and Anne Wright
